Hand & Foot Controls

A. Pro-Series Billet Aluminium Rear-Set Controls

Relocates foot controls approximately four inches rearward and two inches higher for a more aggressive yet comfortable sport riding position. Brake lines and all mounting hardware are included in the kit. Accepts stock foot pegs or Pro-Series billet aluminium foot and toe pegs.

#70916-97Y

Fits: All models '96-'98, White Lightning '98.

Clearance for passenger footrests will be affected.

B. Pro-Series Aluminium Foot Pegs

Weighing in at only 60 grams each, sporty billet construction foot pegs allow the rider to feel the bike underfoot. Matt bead-blasted finish with beveled bottom (matching toe pegs #50499-97Y also available). The foot pegs also complement the Pro-Series billet aluminium rear set controls (#70916-97Y).

#50498-97Y

Fits all models.

C. Pro-Series Competition Handlebars

Lightweight aluminium handlebars simulate the look and feel of clip-on bars as used by Lightning Series race teams in the United States. Engineered for ergonomics, the seven-degree downward, 30-degree set-back angle is easy on the wrists. 100mm narrower than the stock bars, the more aggressive sport riding position allows rider to tuck in easier and reduce wind resistance. Bolt-on design maintains easy access to fork adjustment. Brake lines are included in the kit.

#55850-97Y

Fits: Lightning '96-'98.

S3 Touring Handlebars (Not pictured)

These ergonomically designed bars are approximately 40mm taller and pulled back slightly to put rider in more upright position for relaxed touring.

#55873-97Y

Fits: Thunderbolt '97-'98.

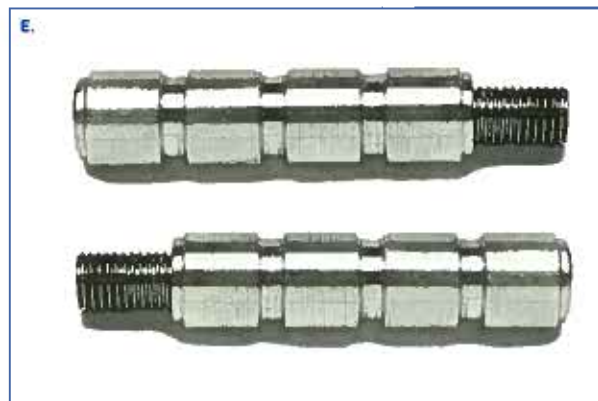

D. Hard Rubber Foot Peg Kit

Firm rubber foot pegs for stiffer feel underfoot.

#50524-96Y

Fits all '97-'98 models. Standard equipment on '99 models.

E. Pro-Series Aluminium Toe Pegs

Accent the Pro-Series Foot Pegs with a set of two toe pegs for gearshift and brake. Constructed of extremely lightweight (17gms each) aluminium with matt bead-blasted finish.

#50499-97Y

Fits: Lightning '96-'98, White Lightning '98, Thunderbolt '95-'96.

Carbon Fibre Bodywork, Seats & Tail Sections

Due to their light weight, carbon fibre components have been increasingly used on race and performance vehicles over the last few years. This year Buell® has introduced a complete line of carbon fibre accessories.

Not only does carbon fibre add a purposeful, technical look to your motorcycle, it also helps to reduce weight – the enemy of exhilarating performance.

A. Carbon Fibre Windshield
Approximate weight saving of 250g/290g over the stock part.
#59458-99Y Fits: Lightning '99.
#59774-96Y Fits: Lightning '96-'98, White Lightning '98. (Not pictured)

B. Carbon Fibre Rear Inner Fender

C. Carbon Fibre Front Fender
Reduces unsprung weight off the front fender... looks great too!
(Approximate weight saving of 250g over the stock part).
#59372-96Y Fits: Lightning '96-'99, White Lightning '98, Thunderbolt '97-'99.

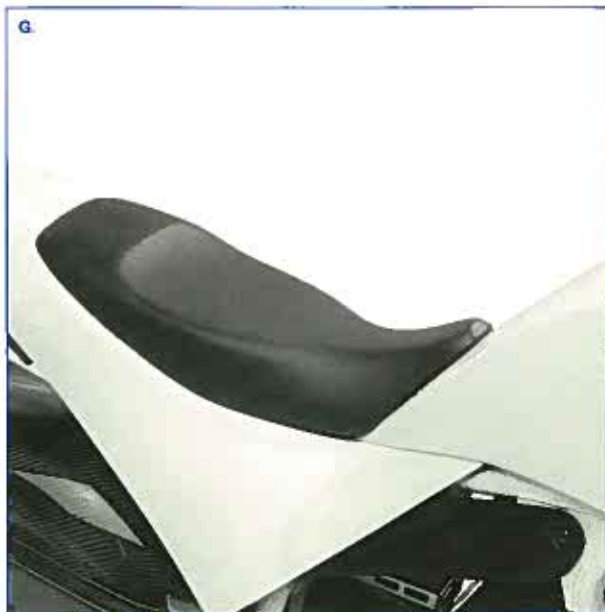

D. Carbon Fibre Lower Belt Guard
Replace your stock injection moulded part with carbon fibre.
#34953-99Y
Fits Cyclone '99, Lightning '99, Thunderbolt '99.
#34941-96Y
Fits Cyclone '97-'98, Lightning '96-'98, White Lightning '98, Thunderbolt '97-'98.

E. Carbon Fibre Sprocket Cover
Here's one for all Buell models.
#34940-96Y
Fits all models.

F. Carbon Fibre Upper Heat Shield
Light and great looking way to keep the heat off the rider.
#65372-96Y
Fits: Cyclone '97-'98, Lightning '96-'98, White Lightning '98, Thunderbolt '97-'98.

G. Pro-Series Seat
Recontoured saddle for added style and enhanced seating area for the solo rider.
#52448-97Y (Standard on S1 and S1W except UK).
Fits: Lightning '96-'98 (stock tail section only).

I. S1 White Lightning/Lightning Strike Twintail Kit*
The Twintail Kit gives your S1 White Lightning additional space and improved riding comfort for a passenger. The kit includes seat, tail section, bracket and mounting hardware.

*Don't forget an extra set of foot pegs (if applicable) to complete the passenger package. See page 1

H. Carbon Fibre S1 Tail Section
Lighten up the tail too! Approximate weight saving of 950g over the stock part.
#59810-96Y
Fits: Lightning '96-'98, White Lightning '98.

K. 1999 S3 Seat
Added padding and greater width create a new look and feel for the S3 seat!
Saddle is stock on '99 S3 and is retrofittable for '97-'98 models.
#52374-99Y
Fits: Thunderbolt '97-'99.

Performance Parts

Want to turn your Buell® S1 Lightning/White Lightning/Lightning Strike into a 90 rear-wheel horsepower racer ready for the track? It's never been easier than with the Pro-Series Race System, first offered in 1998. When used in conjunction with the Thunderstorm™ High-Flow Heads, the Pro-Series Race System will create a blistering race-tuned Buell.

Various other components are featured to help you to upgrade the handling of your Buell.

A. Thunderstorm Piston & Ring Assemblies

You must purchase one piston/ring assembly per Thunderstorm head to optimize performance.

Standard	#22676-98Y		
.005 Oversize	#22677-98Y	.020 Oversize	#22679-98Y
.010 Oversize	#22678-98Y	.030 Oversize	#22681-98Y

B. Thunderstorm High Flow Head – Front

Recontoured combustion chamber, bigger valves and new intake and exhaust ports work together with Pro-Series Race System Kit (#82000-96Y) for increased performance. Comes complete with valves, guides and springs, ready to bolt on using your existing rocker box assemblies. Piston & Ring Assemblies must be purchased (see above).

#16797-98Y

Fits: Cyclone '97-'98, Lightning '96-'98, Thunderbolt '95-'97.

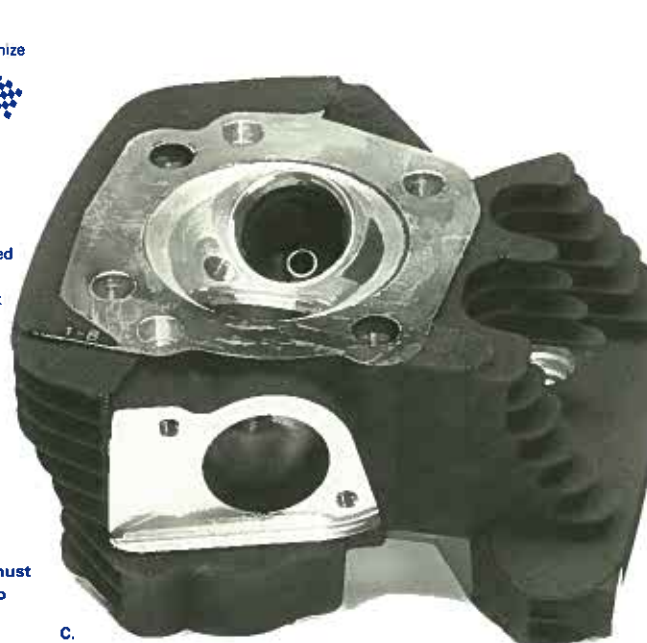

C. Thunderstorm High Flow Head – Rear (see above).

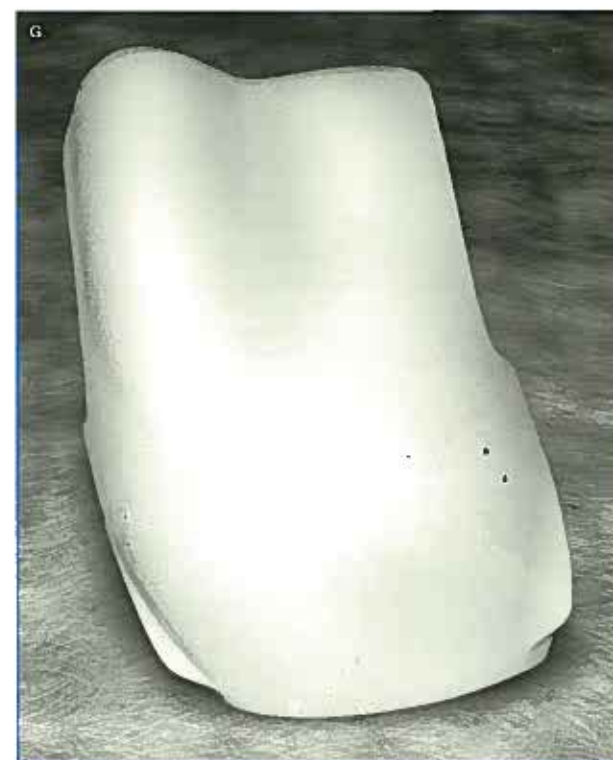

#16827-98Y

Fits: Cyclone '97-'98, Lightning '96-'98, Thunderbolt '95-'97.

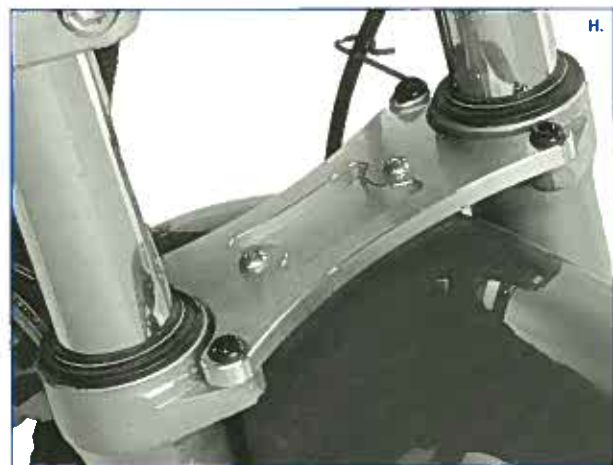

Buell Motorcycles modified with some performance engine parts must not be used on public roads and in some cases may be restricted to closed course competition. Throughout this catalogue all engine related performance parts identified with the 'Racing Rider' symbol are intended for racing applications only.

F. Lightning Series Race Fork Spring Set
Used by the Lightning Series race teams in the States, stronger fork springs reduce front end dive under hard braking conditions.
#45989-96Y
Fits: Lightning '96-'98, White Lightning '98, Thunderbolt '97-'98.

D. Pro-Series Race System Kit*
Increase the torque and hp of your Buell® with the Pro-Series race system in combination with the Thunderstorm™ heads. Kit includes: Exhaust Pipe, Muffler, Air Cleaner Assembly, and Ignition Module. You can make considerable savings by purchasing the kit versus purchasing each component separately.
#82000-96Y
Fits: Cyclone '97-'98, Lightning '96-'98, White Lightning '98, Thunderbolt '97-'98.

D1. Pro-Series Exhaust Pipe*
Big bore 6.35cm collector works in conjunction with muffler to achieve maximum horsepower and torque. This exhaust pipe cannot be used with the stock air box or S3T fairing lowers.
#65396-96Y
Fits: Cyclone '97-'98, Lightning '96-'98, White Lightning '98, Thunderbolt '97-'98.

D2. Muffler*
Stainless steel caps with 6.35cm inlet and outlet. Rigorously dyno tuned for maximum torque and horsepower.
#65398-96Y
Fits: Cyclone '97-'98, Lightning '96-'98, White Lightning '98, Thunderbolt '97-'98.

Note: The muffler and exhaust pipe must be purchased together.
The muffler does not retrofit to any other stock pipe.

D3. Pro-Series Air Cleaner Assembly*
Oval carbon fibre cover with high-flow element and large surface area to allow engine to breathe for improved torque and power. Works together with other race system components to achieve maximum torque and horsepower.
#29460-96Y
Fits: Cyclone '97-'99, Lightning '96-'98, White Lightning '98, Thunderbolt '97-'98.

D4. Pro-Series Ignition Module
The same module used by many NASB Lightning Race Series participants in the States. Race proven advance curve that allows the engine to rev to 6800 rpm.
#32680-96Y
Fits: Cyclone '97-'98, Lightning '96-'98, White Lightning '98, Thunderbolt '97-'98.

Pro-Series Muffler Repacking Kit
Use this repacking kit for the recommended service interval of 1,000 miles on the race system muffler (65398-96Y).
#65150-98Y (Not pictured)

E. Lightning Component Cam
#25648-91 Fits: All models '97 onwards. Standard replacement cam kit.

G. Lightning Series Race Fairing
Regulation NASB Buell® Lightning Series race bike component to accommodate race numbers. Requires removal of headlamp and stock windscreen.
#60040-96Y
Fits: Lightning '96-'98, White Lightning '98.

H. Billet Aluminium Fork Brace
Replace the stock fork brace on your M2 with this stiffer and more stylish cut-out design fork brace. No new hardware is needed. Enhanced with multi-textured finish and polished stainless steel fasteners.
#46094-97Y
Fits: Cyclone '97-'99.

*A jetting kit (e.g. Dynojet) is also necessary to optimise fuel/air mixture. Ask your Buell® dealer for details.

Upgrade Components

Fit stunning Performance Machine® polished aluminium wheels to make your Buell® stand out even more from a sea of lookalike motorcycles.

Upgrade your Cyclone with an easy to install tachometer kit.

A. Cyclone Tachometer Kit

No need to replace the windscreen as this tachometer is designed to fit under the M2's bikini fairing. Shares face design of stock M2 speedo and relocates indicator lights above gauges. Kit includes tach, billet aluminium instrument support and all mounting hardware. Chrome bezel coordinates with stock speedo bezel on '97 M2. Also comes in black bezel to coordinate with stock speedo on '98 M2. (chrome bezel) #67307-97Y Fits: Cyclone '97. (black bezel) #67315-98Y Fits: Cyclone '98.

B. Buell Performance Machine Aluminium Wheels

Polished aluminium wheel for added style

Front #43688-94Y Rear #43689-94Y

Fits all Buell models.

Protection, Storage & Maintenance

Keep your Buell® looking like it's just rolled off the showroom floor with a variety of Buell maintenance, protection and storage items.

A. Armor Cloak I

Indoors or out, this grey, water repellent/breathable, urethane-coated polyester cover will protect your Buell® from the elements and the soft finish won't scratch the paint. With concealed heat shield panels, elasticated lower hem and deluxe storage bag included, who needs a garage?

#45181-96Y Fits: Cyclone '97-'99, Lightning '96-'99, White Lightning '98.

B. Armor Cloak II

Designed specifically for the Thunderbolts, this all-weather cover is constructed of grey, urethane-coated polyester knit that is water repellent and breathable. This soft finish will not damage paint while concealed heat shield and flannel windshield panels provide added protection. This rugged cover includes a shock corded lower hem and deluxe storage bag. #45180-96Y Fits: Thunderbolt '95-'99.

C. Baja Dust Cover

Great for garage use, our dust cover is constructed of soft, non-abrasive polyester that is breathable and allows condensation to escape while bike is stored. Bottom hem is elasticated for a snug fit and comes complete with storage pouch and a silk-screened Buell® logo. #45184-96Y Fits all models.

D. Aegis Tank Mask

New mounting system creates a second skin for your tank, protecting the paint from zips and buckles. Constructed of black, fleece-backed vinyl. Features embroidered Pegasus™ at top. #83000-97Y Fits: Cyclone '99, Thunderbolt '97-'99.

E. Warrior Tank Mask

Constructed of rugged, fleece-backed vinyl, the Warrior Tank Mask protects your tank from damage caused by belt buckles and zippers. All seams are double stitched for maximum durability. The Buell Pegasus is embroidered in blue.

#61496-96Y Fits: Cyclone '97-'98, Lightning '96-'98.

F. Bodywork Touch-Up Paint

Each item contains 2-3 bottles per package (depending on colour) including a bottle of clear coat paint. For '95-'99 bodywork*.
